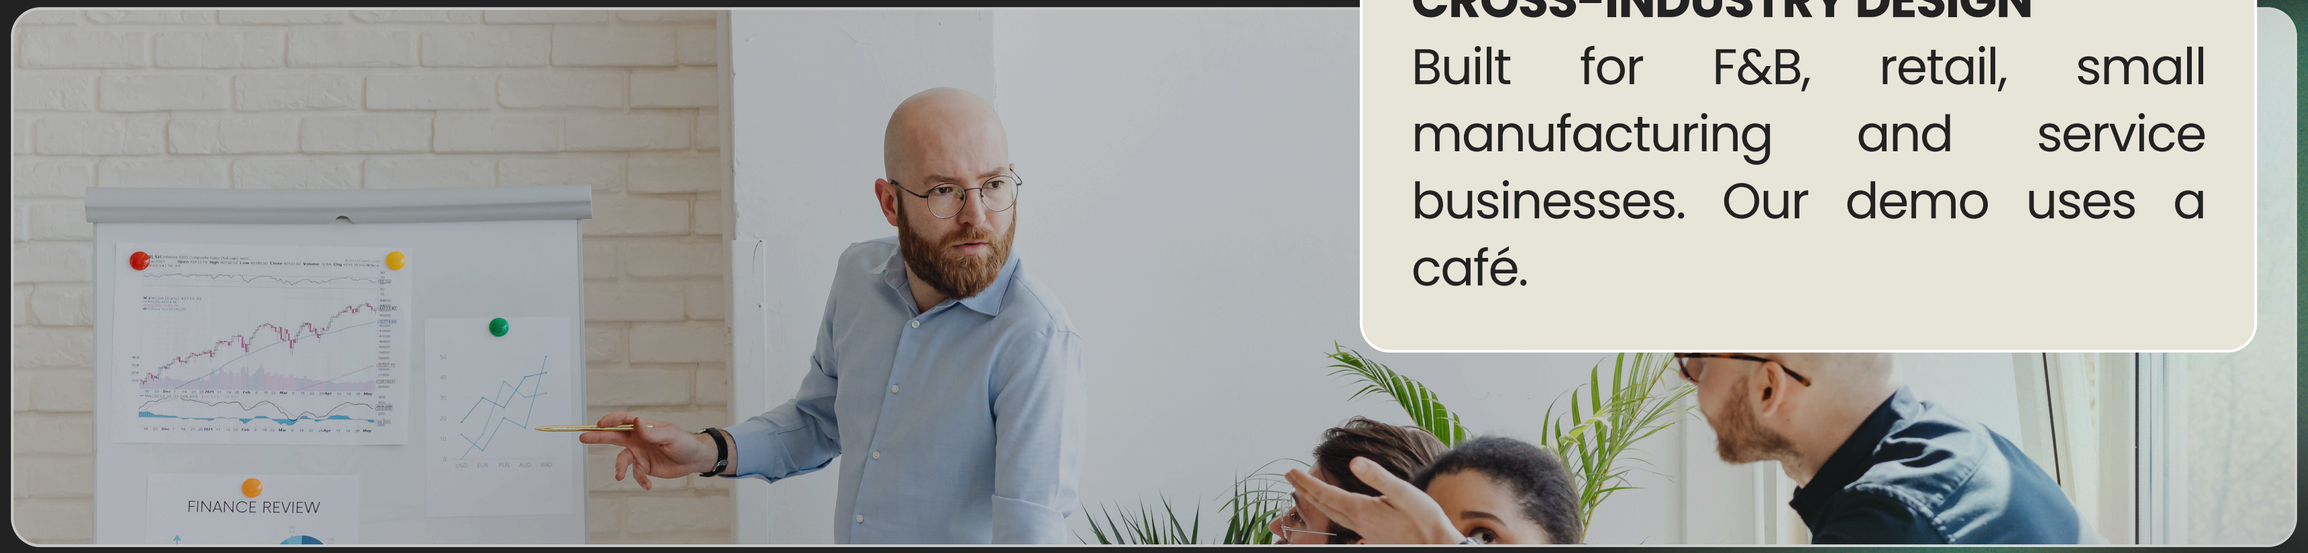
WHO WE SERVE

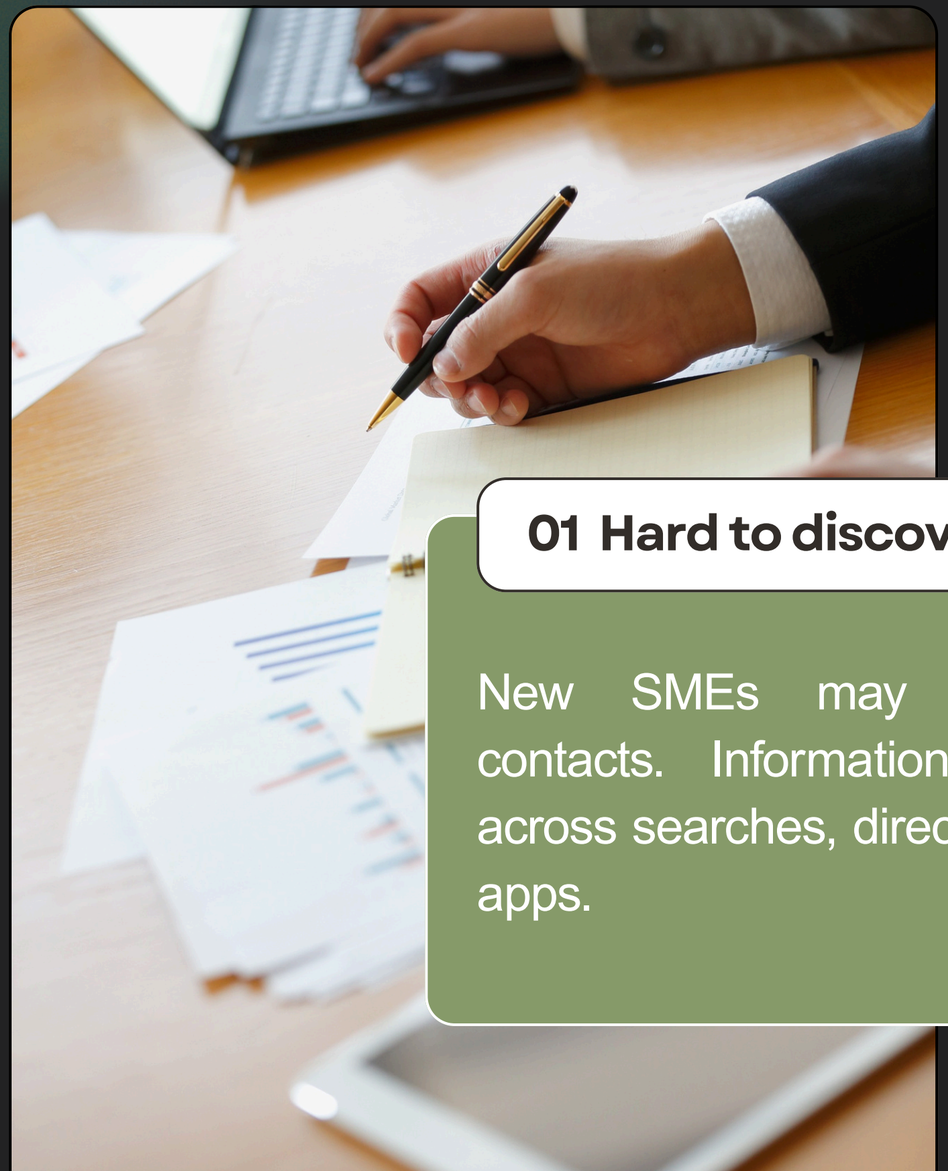
PRIMARY USERS

Malaysian SME owners and staff who handle purchasing without a dedicated procurement team.



CROSS-INDUSTRY DESIGN

Built for F&B, retail, small manufacturing and service businesses. Our demo uses a café.



THE SME PROBLEM

01 Hard to discover

New SMEs may lack supplier contacts. Information is scattered across searches, directories and chat apps.

02 Hard to decide

Price, MOQ, delivery and reliability are difficult to compare. Outreach is manual and approvals are easy to lose.

FROM STOCK ALERTS TO SUPPLIER ACTION.

InstaQuote turns low-stock alerts into sourcing requirements and supplier comparisons.

Scores guide comparison. Budget exceptions stay visible. Owners control approval.

01

Alert & Compare

Review scored supplier matches: item fit, prices, MOQ, lead time, location and eco preference.

02

Draft & Approve

Generate an editable English / BM RFQ, submit it for owner approval and track actions.

DISCOVER. MATCH. CONNECT.

01 DISCOVER

Inventory low-stock alert or manual request: select item, quantity, RM budget and lead time.

02 MATCH

Compare supplier scores, reasons, price ranges, MOQ and eco indicators; 15 matches in the demo.

03 CONNECT

Generate an editable bilingual RFQ, submit for owner approval and view activity logs.

ONE REAL REQUEST

Kopi & Co Café, Selangor receives a simulated inventory low -stock alert. Staff reviews 15 supplier matches.

400

Kraft paper bowls (500ml/750ml) & eco containers. Max lead time: 3 days.

RM180

Maximum purchasing budget. Supplier scores and budget compliance are displayed separately.

BEFORE

Scattered. Manual. Slow.

Search for suppliers. Compare terms manually. Follow up on RFQs and approvals across chats.

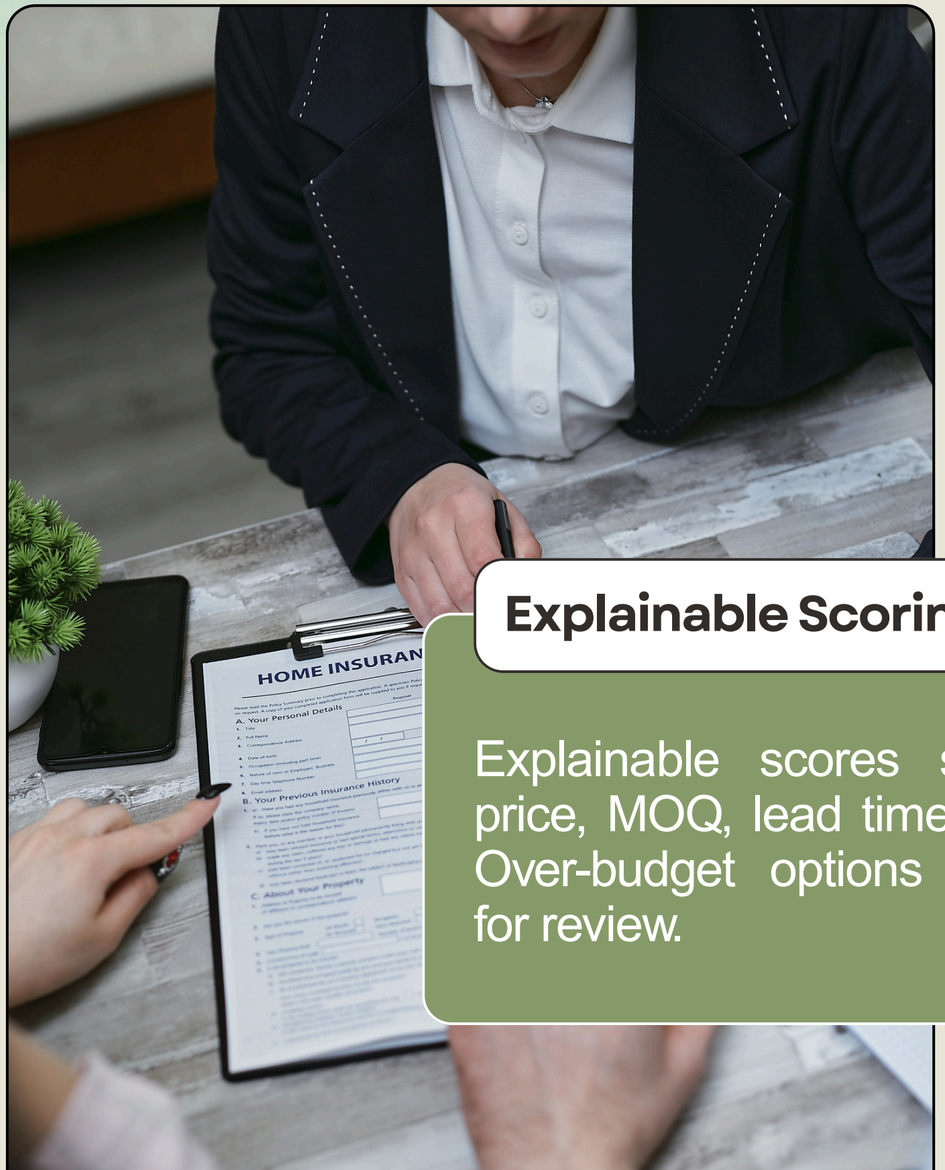
INVENTORY ALERT · SCORED SUPPLIER COMPARISON · BILINGUAL RFQ · OWNER APPROVAL

AFTER



TRUST IS BUILT IN

Explainable Scoring

Explainable scores show item fit, price, MOQ, lead time and eco tags. Over-budget options remain visible for review.

Approval & Audit

Staff prepares an RFQ; Owner approves or rejects. Statuses and actions appear in the activity log.

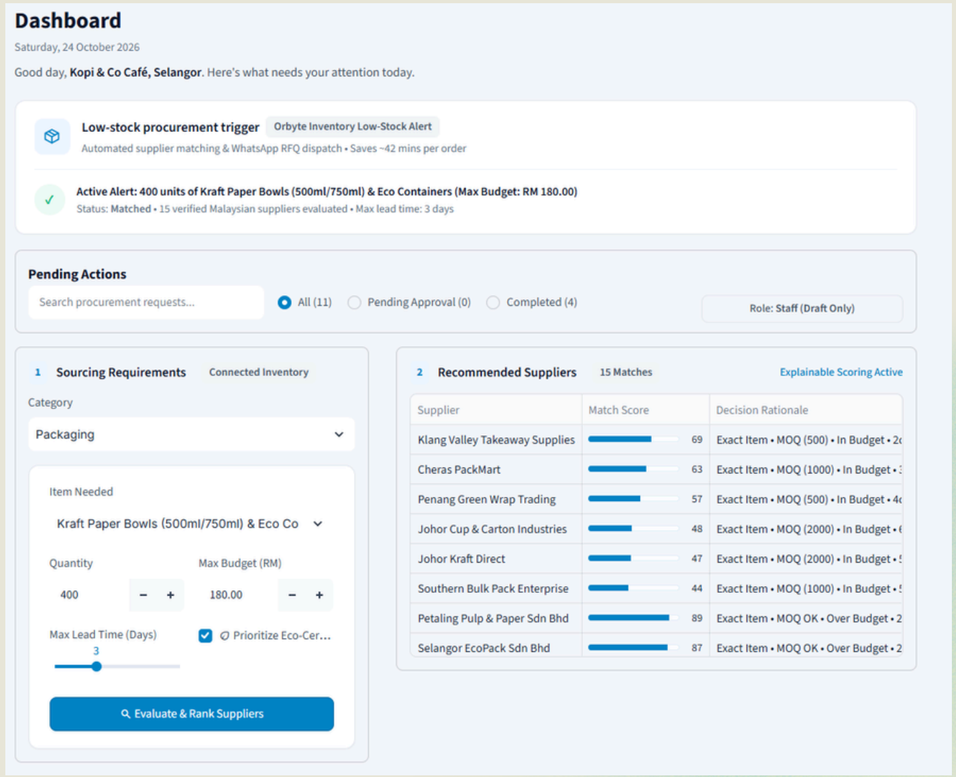
THE LIVE INSTAQUOTE DEMO

01 STAFF: alert → compare → draft RFQ

02 OWNER: approve / reject → log

400 units · RM180 · 3 days → 15 supplier matches with scores, rationale, MOQ and budget status.

Generate bilingual RFQ → submit for approval → review dispatch status and activity log.



ORBYTE-READY PROTOTYPE

CONNECTED DATA

Simulated Orbyte low-stock alert and demo supplier records: item, price, MOQ, delivery and eco flags.

DECISION LOGIC

Rule-based supplier scoring with explainable rationales and separate budget indicators; bilingual RFQ draft.

HUMAN CONTROL

Staff / Owner approval workflow, editable RFQ, WhatsApp handoff concept and visible activity log.

SMARTER SME GROWTH

SDG 8 • Help SMEs reduce repetitive purchasing work and support productivity.

SDG 9 • Promote SME digital innovation through inventory alerts, explainable supplier scoring and structured approvals.

SDG 8 + SDG 9

Decent Work & Economic Growth + Industry, Innovation & Infrastructure

BUILT FOR EVERY SME

Start with a café demo. Scale the same discovery, matching and approval engine across industries by changing supplier data and rules.
